

# THE UPCOMING JUDGMENT

Based on an article by Wilfried Schlätz.  
© 2009 W. Schlätz and HisNewWord.org

## **Note for readers new to the New Revelation texts:**

The following article is based on the New Revelation, a phenomenon which happened in the 1800s. In March of 1840 Jakob Lorber, an unassuming music teacher, started receiving dictations from God, which he recorded. Renouncing all other activities, he did this task until his death 24 years later.

For anybody coming into contact with these texts the question is, did God really talk to Jakob Lorber, or is all this made up? Well, you really have to find out yourself. We recommend that you read as much as you can, at least the first volumes of the "Great Gospel of John". There is plenty of info on [www.hisnewword.org](http://www.hisnewword.org) and many other sites in cyberspace.

Skeptics and doubters should also consider this: Most **predictions** made prior to 1864 in the New Revelation texts **came true**, whether it concerned physics, astronomy, telecommunications, air travel or weapons of mass destruction. For those still outstanding e.g. like the real size of the universe, scientists will need even more time.

Ask for the respective report at [predictions@hisnewword.org](mailto:predictions@hisnewword.org).

After the recent examples of direct communication with God (e.g. Vassula's "True life in God" or Neil D. Walsch's "Conversations with God") Mankind should be mature enough to believe "the impossible".

Abbreviations:

GGJ – Great Gospel of John

GH - Gifts of Heaven

RB - Robert Blum

**T**his article explores what our Lord Jesus Jehovah has said in His New Word, the “New Revelation”, about the imminent Judgment humanity will face. It is interesting to note that He pointed out, that the period just prior to 2000 years after the end of His visit to Earth will see important “purifications” caused by sinful human behavior entailing worldwide consequences.

### **1. Matthew 24, 37-42**

*As it was in the days of Noah, so it will be at the coming of the Son of Man. For in the days before the flood, people were eating and drinking, marrying and giving in marriage, up to the day Noah entered the ark; and they knew nothing about what would happen until the flood came and took them all away. That is how it will be at the coming of the Son of Man. Two men will be in the field; one will be embraced and the other relinquished. Two women will be grinding with a hand mill; one will be embraced and the other left behind. Therefore keep watch, because you do not know on what day your Lord will come.*

**2.** Referring to these two verses (Mat. 24, 40+41) Jesus tells us through Jakob Lorber (JL):

### **3. Jesus via J. Lorber**

*[GH.03\_49.04.06,104] “But I tell you now as well that before My return to this earth a lot of weed and dry grass and all kind of useless and infertile brushwood will be destroyed applying the harshest judgment ; because where there are two almost one will be accepted and the other one rejected – basically a grand screening of more than half.” [GH.3, pg. 491,99]*

**4.** This means that more than half the humanity (about 4 billion) will be transferred into the beyond through physical death in order to save them from eternal death. The

reason is this: God insists on not touching the individual freedom of choice of the people. However, due to their hellish behavior and the ways of the world of today too many people will suffer eternal death. To prevent this, God can only transfer them into the institutions of teaching and correction of the spirit world. And this means of course that about 3 billion people will survive.

**5. Jesus via J. Lorber:**

*[GGJ.10\_154,10] “Do even the wise laws of Rome not say: ‘Volenti non fit iniuria’? [He who consents does not suffer injustice.] Or should I perhaps, out of some kind of love for My adversaries, dispose of My eternal light of life and truth and put on the garment of lie and deceit? Hopefully no one of you would want that! But even for such **souls who had condemned themselves**, I have told you two comforting things: one time in the parable of the lost son, and later, on a similarly controversial matter like now, when I told you that in the house of My Father are a lot of habitations – but in order to express yself here more clearly: there are **a lot of schools for education and correction, where even the most rejected human devils from this world can be converted and improved.**”*

6. And from ‘Gifts of Heaven’ vol. 3, pg. 473,10, we learn that within four years (and a little more) the greater part of humanity (about 4 billion) will be transferred to the beyond.

**7. Jesus via Jakob Lorber:**

*[GH.03\_49.04.06,10] “The period of purification will last four weeks at the shortest because there will be hours where more will happen than before in a century. – A longer period is fixed for four months because there will be days with a significance greater than before in a century. – Another appointment is set for 4 quarters because in a week there will happen more than in a full century in former times. – And still a largest period is fixed for **four years and a little more**, because months will now come in which more will happen than in former times in seven centuries.” [GH.3, pg. 473,10]*

**8. Jesus in the year 32:**

*[GGJ.09\_030,05] “Once too many people will have reached the full measure of evil, I will see that, for the benefit of the few good and chosen ones, the period of their unpunished vicious behavior will be cut short and their proper judgment and their death will devour them before the eyes of the few righteous ones as it already happened at the time of Noah and Abraham and Lot and also partly at the time of Joshua and which will from now on be the case several times. [GGJ.09\_030,06] “The Jews will live to see the beginning soon and later on other kingdoms with their sovereigns and peoples as well; but after not quite 2000 years have passed there will again come a greatest and most*

*general judgment for the salvation of the righteous and the perdition of the great of the world and those completely void of love.”*

**9. Let’s do a little calculation.**

Jesus said this in  $32 + 2000 =$  year 2032 at the latest.

However, considering that research places the true year of birth of Jesus at 7 BC **we arrive at the year 2025.**

**But as there will be less than 2000 years**, it may be 1990 or 1995 years.

So  $32 + 1990 - 7 =$  **2015**, or  $32 + 1990 - 7 =$  **2020, which means very soon!**

Strangely enough the calendar of the Mayas ends in **2012** !

Climatologists have already stated in 2003: If humanity continues to release carbon dioxide (CO<sub>2</sub>) as before (and we have done this unabated, e.g. there is one new coal power station starting operation every week in China) extrapolation shows that starting in 2012, four years of heat waves, floods and tornados would follow. After these 4 years, that is in 2016 just 25% of humanity (1.75 billion) will have survived, mainly through lack of food.

Compared to this assessment, Jesus’ prediction of about 3 billion survivors is more favorable.

According to media reports (mid 2009) even today about one billion people are fighting for survival due to lack of water alone.

So we only need to follow the news attentively to see how close we are to those **four years**. Especially Matthew. 24, 38+39 (mentioned above) claims that these events (especially a collapse of the food production combined with a shortage of drinking water) will hit people unprepared: “People were eating and drinking, marrying and giving in marriage, up to the day Noah entered the ark and they knew nothing about what would happen until the flood came and took them all away.”

**10.** In GGJ 08:186, 4-7 Jesus predicted a fourth purification fire:

**11. Jesus via Jakob Lorber:**

*[4] “I have shown you now the 3rd kind of fire that has an highly destroying effect on the darkness of men, and so I also will show you a 4th kind of fire by which the Earth, the people and all creatures will have to be purified at My second coming. This kind of fire will consist of all kinds of great natural upheavals of the Earth, more precisely on those*

*places of the Earth where men have built too big and beautiful cities in which the greatest pride, lack of love, bad morals, false administration of justice, power, prestige, laziness and with that also the greatest poverty and all kinds of need and misery will prevail, caused by a too strongly grown-out Epicurism of the great and mighty.*

[5] *“In such cities, through excessive pursuit of profit, all kinds of factories will be build on a large scale, and instead of human hands the work will be done by fire and water, together with thousands kind of artful machines that are made of metal. The power will be provided by means of the ancient coals of the Earth that men will acquire in extremely great quantities from the depths of the Earth.*

[6] *“Once such activity will have attained its highest point by the force of the fire, **the air of the Earth will become too strongly saturated on such places of the Earth with combustible kinds of ether, and these will soon ignite here and there and transform such cities and regions together with their many inhabitants into ruins and ashes, and that will then also be a great and effective purification. But whatever this fire will not have accomplished, all kinds of great storms on Earth will accomplish, obviously only there where this will be necessary, for without necessity nothing will be burned or destroyed.**”*

[7] *“By that, also the air on the Earth will be freed from its bad vapors and nature spirits, which will have a blissful influence on all other creatures on Earth and which will also benefit the physical health of the people, because the many malicious bodily diseases will cease to exist and the people will be able to reach a healthy, strong and old age.”*

[8] *“Because the thus purified people will be standing in My light and will lively and truly keep forever the commandments of love from within, the earthly land property will also be divided among the people in such a way that everyone will have so much that, with the right kind of zeal, he never will have to suffer need. The heads of the communities and also the kings, being entirely submitted to My will and standing in My light, will take care that there will never exist any need among the people. And I Myself will here and there visit the people and strengthen and establish them in those places where the people will have the strongest desire for Me and possess the greatest love for Me.”*

**12.** Therefore we reckon that during those four years of purification urban industrial conglomeration zones of the globe (particularly in India and China) will literally burn down because inflammable light gazes so far unknown to or ignored by scientists will

ignite. Some kind of mega thunderstorms could appear: Innumerable thunderbolts per second by which even the nitrogen of the air starts to burn. This could be “the enemy from the air” and probably not some meteor or asteroid hitting the earth which would damage the surface in a way that those 3 billion could not survive.

**13.** This is why we do not believe in a global nuclear war, because after the explosion of just 8 Cobalt bombs (hydrogen bombs with Cobalt casing) no living cell will be able to exist and thus the 3 billion people would not survive.

**14.** Jesus via Jakob Lorber (plus comments).

**14.1.** [GGJ.08:185,09] *“With these weapons the inventive people will come to the point where soon no nation will be able to start a war against the other, for when two nations should attack each other with such weapons then they easily and quickly will exterminate each other up to the last person, which would certainly not give a true victory and gain for neither one of them. Those kings and their generals will soon realize that, and this is why they will rather tolerate each other in peace and good friendship. And if somewhere a very proud and ambitious disturber of the peace should rise and would attack his neighbor, then the peaceful ones will unite themselves and chastise him. And in this way the ancient peace will be set step by step for the people on Earth and will be established durably.* [Present nuclear stand-off]

**14.2.** *“And if somewhere a very proud and ambitious disturber of the peace should rise and would attack his neighbor, then the peaceful ones will unite and chastise him.”* [We would count Hitler, Saddam Hussein, Islamic radicals and the leaders of North Korea and presently Iran among these disturbers.]

**14.3.** *“And in this way the ancient peace will reappear step by step for the people on Earth and will be established durably.”* [GGJ.08:185,10] *“If one will count, from this My actual presence 1800 and almost 90 years, there will almost be no more war on Earth...”* [Jesus said that in the year 32. Let’s see: 32 + 1888 (almost 1890) = 1920. The Second World War with the disturber Adolf Hitler could “almost” have been avoided! But the peace loving nations united because of Hitler and chastised him and his nation.]

**14.4.** *“...and more or less in that time, also **My personal return on this Earth will take place**, and the greatest purification of men will begin.”* In doing this Jesus-Jehovah will transfer His government throne from the spiritual primary central sun Regulus-Urka,

which contains the material primary sun Regulus-Urka, to the spiritual earth which contains the material earth.

**14.5.** [RB.01:140,03] *Jesus speaking: "But regarding the whereabouts of the God Center the answer is a bit more difficult although all comes to the same. In general, however, He resides in the eternal east. And seen from the earthly natural point of view this is in the area of the constellation of Leo, specifically in the respective spiritual central sun which contains the natural one named Regulus and further all infinity. Did you understand me?"*

**14.6.** [GGJ.08:185,11] *"Although there still will be wars among the more primitive peoples of the Earth, but these will also soon become impossible among them. I will drive them together with the help of My righteous and mighty kings and generals and have them pour out My light among them, and then they also will be changed into peaceful nations dedicated to the light."* This is why after the Second World War the Cold War did not become the Third world war. And this will not happen because only eight Cobalt bombs would eradicate every plant and animal cell on the face of the earth. As, however, 3 billion people will survive, a third world war is blocked by the nuclear stand-off. The Soviet Union and the USA have 48 such cobalt bombs each ready for launching since about 1950, called the 8 fold overkill. Humanity will never get rid of the knowledge about this ultimate weapon. So either we become sensible or we'll kill us all. And as Jesus said that 3 billion people will survive the self inflicted world climate and starvation catastrophe, the total nuclear destruction of the globe **will not happen**.

**14.7.** [GGJ.08:185,12] *"Behold, this is the 2nd kind of fire by which the people will be purified."*

### **15. Pole shift.**

If the North pole would suddenly shift to the equator survival of 3 billion is not possible either. No, there will be no interference from outside we could blame Jesus with. We all reap only what we are constantly doing. Worldwide every other second a forest the size of two football fields is being destroyed. Without restraint our atmosphere is heated up by increasing quantities of CO2 released by all coal power stations, all cars and airplanes, and all coal and oil fired devices so that we will face global droughts, flooding and thunderstorms (stronger than experienced until now) collapsing the world food production within a short period of time. If we will find in supermarkets no more bread,

flower, rice or cereals and governments will too late resort to rationing and the creating of green houses, it will be the end for the majority of mankind.

Addition of March 16, 2011: The Japanese tsunami and nuclear catastrophes of March 11, 2011 are another step towards this scenario of “purification” of mankind. They add to the developing misery of the local population the danger of radioactive pollution worldwide. This falls into the category of soil infertility.

**16.** As a consequence of rocketing prices sales of other manufactured products will falter and tax receipts will collapse with the consequence that Governments will have no means to fund the endless list of social benefits. Dictatorial measures will have to be introduced to keep rioting and general protests at bay in order to save 3 billion people from starvation.

**17.** Jesus will only transfer into the beyond people who either have reached their spiritual maturity or those who face the danger of eternal death. There in the beyond the mature ones can help with the admission and provision of the 4 billion immature. And all those Jesus needs to start the millennium of peace on Earth after the climate catastrophe, He will keep alive and care for them.

oooooooooooo
