Through Jakob Lorber, Jesus explains this thirteenth chapter of Revelation (John) to us with the following words:

The time of the three beasts of Revelation

May 7, 1841, in the afternoon

[Gifts of Heaven – GH.01-41.05.07] What does Revelation John, Chapter 13, Verses 15-18 mean?

¹⁵ “And it was given power to give breath to the image of the first beast, so that the image could speak and cause all who refused to worship the image to be killed. ¹⁶ It also forced all people, great and small, rich and poor, free and slave, to receive a mark on their right hands or on their foreheads, ¹⁷ so that they could not buy or sell unless they had the mark, which is the name of the beast or the number of its name. ¹⁸ This calls for wisdom. Let the person who has insight calculate the number of the beast, for it is the number of a (hu)man. That number is 666.” (NIV)

[01] Do write this in My name. I know what you are wanting.

[02] Your “extended eyes” are not sufficient for very distant things, in order to behold them. For objects at a medium distance, you only see the one-sided layer. And you see nothing of the ones very close, because they lie too near you and thus are of too little interest.

[03] Yet these verses of Revelation are to be grasped with your hands and you don't understand them! – Yes, the easier something is, the more mindless you are! – But next time ask about that which appears

easiest to you! Truly, you will become more humble than through these existing overly easy four verses! – And now pay attention!

[04] Initially, there is talk of three beasts in this chapter: first of all, the main dragon, **secondly, of the beast which rises from the sea and has seven heads with ten horns, and, thirdly, of the beast like a lamb with two horns on its head.**

[05] You should know who the main dragon is after I have made announcements so often about My arch enemy, especially in the “Twelve Hours”.

[06] If you want to recognize the **second beast**, then turn your eyes to the nearby **self-love**, and you will find all the attributes of it confirmed! – It arises from the “sea” of all covetous desires and has “seven heads” – that is, for each commandment of charity, one of its own with “ten horns” – all ten commandments (of Moses) are opposed similarly by one head as by the other. – An “injured head” is the burglary and theft punishable everywhere. But does that harm the beast? Oh no, for this injured head has been completely healed by all the political laws of state and commerce. And so the whole world lives under such laws and acts accordingly – and, through this, mocks the Lamb and His commandments daily.

[07] The **third beast** emerges from the earth, looks like the “lamb”, but also has “two horns”. – What is this? – I will tell you that this is closest to you! – It is the general **industry** which supports and idolizes the aquatic beast. With its two horns, it directly strives for the (main) commandments of love.

Just look to America and England etc. to see that this is so.

[08] The horrible mistreatment of children in English and American factories shows how much this third beast is such industry. Often, these children have to work continuously from five o’clock to past nine in the evening, standing the whole time, almost half naked – and this from the age of eight on. They are given no education, except their designation as slaves.

[09] Oh, if you could look at the nature of industry with Me and through Me, you would say: “Oh, father, that is the dragon himself!”

[10] Doesn't this third beast use all the violence of the second beast, whose head wound was healed? And doesn't this mean that the second, wounded animal is worshipped by almost all the earth – that is, at least its main inhabitants? Do they not speak of worshipped kings, princes and other industrial founders and inventors everywhere? Aren't there monuments erected to them all over the world? Doesn't it make the largest signs and allow fire to fall from heaven – that is, isn't it teaching reasonably before blinded men, as if such diligence were the real essence of all religion and the most worthy adoration of God if not the best worship? – That is a pure theft of the fire from heaven, making man

believe, that I like being revered through horror! (But such will endure only for a short time!)

[11] Oh see the seduction of earthly inhabitants! The image of the beast with the sword wound of all political justice is completely alive! Men were forced to erect this image with their blood! And now it boasts and talks and commands. It kills and is worshipped by all worms and minions, who are called “scholars” and “journalists”, and by a number of blowflies, who must have something of everything – in order to earn something without working.

[12] But if someone dares not to worship this beast – he will soon notice how much he is struck in a worldly way.

[13] But that is the “spirit” (or the “life”) in the image of the beast, that self-love and greed have reached the highest peak with all the great ones of the world. That is the full number 666, where self-love is equal to 600 and the stolen fire of heaven is 60 (that means the divine commandment has been applied tenfold for self-interest!) And charity only equals 6 (the most complete slavery applies)! – Instead of giving one hundred for one, they demand one hundred for one!

[14] See and comprehend the label of the “right hand” and the “forehead”, with the great and the small, the rich and the poor, the free and the slaves! Is it not imperiousness, either through power or world knowledge? – Tell Me whether somebody is capable of something without this mark!? Without this sign, what is the validity of a man for the fellow man? Truly, I say unto you, if one of you has daughters, will he give them to an “unmarked” person or will they demand someone “unmarked”? Can someone obtain some worldly fortune, if he doesn’t have a sign or obtained a post from the beast?

[15] You yourselves are marked – except My servant, whom I have kept unmarked until now with great effort. But I tell you, if I allowed him to demand one of your daughters, you would look at him dubiously and advise him in a friendly way to abstain from this, since it should not be done, because he is not “marked”!

[16] If you did such with one whom I made into a beacon in the night of nights, what would you do, should another unmarked one dare to demand such from you? – I say: you would rather let the daughters be walled in – this is understood indeed!

[17] I am of the opinion that the “mark” may be rather clear to you! Who is able to buy and sell without this mark?

[18] But the “42 months” will soon be at an end, since the commandments of charity were applied to self-love over five times seven fold. But I say to you, seek to destroy the “sign” through the fire of My love and you will reach your true, inner life!

[19] But this is why it is so difficult now to attain the inner life from and in Me, because the “mark” burns each one out into the world. Thus, let yourselves be “burned back” from the world of the beast by Me through My love – so you will find the life, now and forever!

[20] This says the Holy, Great, First and Last One. Amen, Amen, Amen!

3. Thesis

By the way, the churches are keeping Lorber under wraps, although his prophecies are being increasingly fulfilled before our eyes.

4. Statement

4.1 Until now, the Jesus texts from Jakob Lorber have been hushed up by the churches. If, however, more and more people get interested in Lorber, because of the increasingly apparent climate catastrophe, the churches will pour out manure in buckets over “Lorber works”, saying that Jakob Lorber invented everything wrongly himself.

4.2 But, because of this massive slander and negative publicity the work of Jesus through Jakob Lorber will no longer be ignored– but rather made

known world-wide, mainly by His opponents. Especially young people, the thoughtful and concerned will then accept the works of Jesus from Jakob Lorber, because it is the single correct analysis and at the same time the only help in our distress!
