## **The Great Gospel of John**

# **An Almost Impossible Task**

Here are two chapters of volume 10 of “The Great Gospel of John”

The work parallels the Gospel of John of the New Testament, and relates all occurrences, speeches, lessons and discussions Jesus performed during His 3 years of teaching in great detail, and that including His crucifixion, resurrection and ascension.

We chose these two chapters for their deep insight.

Situation: Since a few days Jesus, together with His disciples, is meeting Jews and Romans. He has a series of conversations. His dialog partners witnessed exceptional signs (miracles) and statements of Jesus. Despite all this, some have doubts. Some Romans but the bone-headed Jews as well. Jesus' fate is that heathens come to easier believe and easier recognize that the spirit of Jehovah is hidden in Jesus. Within His own people there are many who believe in Him, just the representatives of the temple and their bootlickers pursue Him trying to eliminate Him.

The Chapter 11 of the Great Gospel, vol. 10 shows the argumentation of the Romans. Jesus responds in chapter 12.

### **CHAPTER 11**

#### **The objections of the captain against the divinity of the Lord**

Then the captain went to sit down on his chair again and asked his 2 subordinates in the Roman language for their opinion about Me, this after all the things they had heard.

[2] **One of them** said: “It is difficult for us to form an opinion about this. We experienced the extraordinary power of His will up there in the air, and we need no other proof that there is divine power in this Man, otherwise He certainly could not have lifted us up in the air and keep us there without any visible means. However, we all lost our faith in an almighty divine Being too much, because our gods seem to be entirely insignificant for our senses and for the apprehension of every thinking man, and now we suddenly meet a real God in the form of a man and do not know what to think of Him now. I think that this cannot be understood in one time.

[3] However, we heard already many things in Bethlehem and also near Jerusalem about this Man, and we thought that He either could be a God Himself or else a rare great magician, like they originate for instance from the school of the Essenes. But what we ourselves experienced here now goes much further than our previous speculations. All magic ends here, and instead of that, there is an unmistakable divine power and almightiness.

[4] Together with that, there is firstly that trustworthy story of His mother, how He bodily came into this world, and about His life, and that He never had to learn anything in some school because He already came into this world equipped with the highest wisdom. And secondly, what He claimed about Himself now. And I myself cannot help it but to consider Him in full earnest as how He represented Himself to us, even if it is for us Romans in an inconceivable manner, and also what the man, with whom you just spoke, testified about Him. This is my opinion, and I think that I am not mistaken.”

[5] **The captain** said: “I do not want to say that you are wrong in general, but in the background I still have some important objections. If that Man can solve these, then I will also share your opinion and remain with it.”

[6] Then the captain turned again to Me and said: “Great Lord and Master, I am now almost at the point to accept You as these who are Yours have accepted You, but I still have some considerable objections. Once these are solved then also I will be won.

[7] These objections of mine are the following: thus in You lives the fullness of an only true God? If that is so, then why did You let all those numberless people wait so long for You?

[8] You say that only those who are Yours, who believe in You, love You and keep Your commandments will receive the eternal life in Your Kingdom of God. If that is so, and if everything that exists is created by the power of Your eternal word, just like all men who unfortunately lived at any time without having known You - which could not be their fault - then what will happen with those people who never could have known You? What will happen to the eternal life of their

soul in Your Kingdom of God? For they could not have believed in You, could not have loved You, neither could they have kept Your commandments, because they were not able to know anything about You.

[9] Look, these are my well founded objections. Please solve these for me, then I also will firmly believe in You, love You more than one of those who are Yours and keep Your commandments, for I am a true Roman and not a Greek whose loyalty is not firm. But I also am someone who will not so easily accept and believe something which is not indisputably proved as a diamond-hard truth. Thus, solve my doubts.”

I said: “Friend, you adopted this and that by reading the Greek philosophers, but you never understood the books of the old Egyptians, and you only briefly read a few fragments of the Scripture of the Jews since Moses. And also these you never understood.

[2] Behold, the One in Me who is now speaking to you, spoke also like this to the first human pair of this Earth and gave them the same commandments which I now again give to you people who have completely forgotten the one true God and Lord. However, the people who were gifted with a completely free will, let themselves all too easily be blinded by the world and its tempting spirit. They fled away from God and did whatever they pleased. By that, their souls became darkened and their heart became hardened.

[3] I always sent messengers from the Heavens to teach the blinded people, but only a few paid attention to them. The great mass of people did not want to hear them or know about them.

[4] From time to time, by My Spirit, I awakened matured as well as young men who taught the people and who made every effort to bring them back to the old truth.. Only a few listened to them, and still less people reacted on it. The great mass of people however, persecuted them, tortured them and even killed them.

[5] I also did not refrain from visiting a too degenerated people with great and small chastisements and judgments. However, also these brought only a few to a short time of improvement, but all too soon, again the evil worldly spirit came instead of Me.

[6] When at the time of Moses, the Israeli people received again laws from Me on the Sinai in the desert, under lightning, thunder and fire, they first listened with fear and trembling to My good words that could be heard from afar, but

when the preaching lasted a longer time, the people became partly used to it and did not care much about it anymore. Another part had enough of My continuous teaching and asked Me to reveal My will only to Moses instead of to the whole people. They would hear that will from him and obey. However, in the mean time the people wanted to leave Mount Sinai because it was too turbulent there and they wanted to build their dwelling huts in a valley that was far away from there.

[7] After much begging, it was permitted to the people. But it did not take long before the people forgot Me and the great events on the Mount Sinai entirely, molded a calf from the great quantity of gold that they brought from Egypt, danced around it and gave it godly honor.

[8] I showed this to Moses, sent him to the people who really did not think of Me anymore, and let them be greatly chastised in the manner as Moses described it later on.

[9] Then the people did indeed return to Me, but there were always many who let themselves be tempted by evil worldly lusts to transgress some of My commandments and so to sin against My regulations.

[10] Temporary punishments had to be set up by Moses for the transgression of My commandments and regulations to put order among the people.

[11] When the people were later lead out of the desert into the Promised Land and took it into possession as if from My hand, they were almost completely ruled by Me through wise judges who were continuously in contact with Me. And under My personal governance they became great and mighty, and their prosperity was greater than that of no matter what other people in the world.

[12] Then they became proud and they looked at the lustre of other people who were dominated by a worldly king in a tyrannical way. The vain worldly luster blinded the people. They wanted the lustre also, became unsatisfied with My government and wanted a worldly king by the judge Samuel who was filled with My Spirit, and so they committed the greatest and most insolent of all sins.

[13] So the people fell ever deeper, although I never failed to admonish them by awakened prophets who were filled with My Spirit, to better their lives and do penance, clearly showing them the consequences which they could expect because of their hardness. And this is how I have dealt with this people until now. And now I have come Myself, clothed with flesh.

[14] But now look at the very great number of Jews who are hating and persecuting Me and are trying to grab and kill this body of Mine instead of accepting Me and believing in Me, since I make Myself known everywhere as the

One whom I certainly am through unheard-of miracles and signs which are beyond any doubt.

[15] But if from My side, at all times, everywhere and unceasingly, I took care of the people's spiritual development in the manner as I briefly showed you now, then how can you, a Roman gifted with great intelligence, ask Me questions as to why I came only now to you few people to establish the Kingdom of God which is the Kingdom of eternal life?

[16] You can travel to all the countries that you know and where the inhabitants have still somehow the ability to accept My teaching, and investigate whether even at this time they know about My presence here and My activity.

[17] In many countries and kingdoms that you still do not know, the better men received inner visions of what happens here now. Only truly animal men who live very wildly in the most hidden corners of the Earth cannot receive any message about Me because they are by far still not capable to understand it, but in time they also will be taken care of.

[18] And so you see that the question that you asked Me was totally useless. If you still want to ask Me questions, then do ask better things which will be more useful to you than what you have asked Me now.”
